PROFESSIONAL SUMMARY

Versatile Full Stack Developer with 5+ years of experience building secure, scalable web applications, ERP customisations, and REST APIs across real estate, e-commerce, and enterprise software. Hands-on expertise in Python, Django (DRF, RBAC, JWT/OAuth2 Authentication), Odoo, Vue.js, PostgreSQL, and Docker. Proven ability to deliver production-level backend systems with clean architecture, database optimisation, and role-based security. Advanced Excel analyst with a growing AI/ML skill set. Eager to bring immediate impact to a forward-thinking team in the UAE or Europe.

PROFESSIONAL EXPERIENCE

Full Stack Developer Mar 2026 – May 2026
Entourage marketing & events · Dubai, UAE

- ▶ Architected and delivered a Headless WordPress + Vue.js frontend stack, decoupling the CMS from the presentation layer via REST and GraphQL APIs for high-performance content delivery.
- ▶ Built and maintained PHP backend services and custom WordPress plugins, integrating OAuth2 authentication flows for secure third-party API access and SSO.
- ▶ Containerised the full application stack with Docker and established CI/CD pipelines using Jenkins, reducing deployment time and ensuring consistent environments across dev and production.
- ▶ Collaborated cross-functionally with design and product teams to deliver responsive Vue.js interfaces, maintaining code quality through Git branching strategies and peer code reviews.

Web Developer & Digital Marketing Specialist Dec 2025 – Feb 2026
Pure Home Real Estate LLC · Abu Dhabi, UAE

- ▶ Built and maintained a high-performance property listing website with WordPress, HTML/CSS, and REST API integrations.
- ▶ Designed and executed social media campaigns that increased lead generation by improving brand reach.
- ▶ Applied SEO strategies and web analytics to optimise content performance and conversion rates.

Full Stack Developer & Digital Marketing Specialist Feb 2025 – Nov 2025
Nayel Style · UAE

- ▶ Developed responsive e-commerce web pages using WordPress, Bootstrap, and custom front-end code.
- ▶ Managed digital content calendar and grew organic social media engagement through targeted campaigns.
- ▶ Analysed campaign metrics using Excel dashboards to guide data-driven marketing decisions.

Junior Python / Django Developer May 2022 – Mar 2024
Aayulogic Pvt Ltd · Nepal

- ▶ Engineered secure RESTful APIs using Django REST Framework with JWT-based Authentication and session management, consumed by Vue.js single-page applications.

- ▶ Implemented Role-Based Access Control (RBAC) with Django’s permission framework, defining granular user roles and access policies across the application’s modules.
- ▶ Designed and optimised production-grade PostgreSQL schemas with indexing strategies, query tuning, and Django ORM best practices to support high-throughput data operations.
- ▶ Integrated OAuth2 social authentication (Google, GitHub) alongside custom token-based auth flows, ensuring secure third-party login and API access for end users.
- ▶ Wrote unit and integration tests (pytest-django), conducted code reviews, and maintained CI/CD-ready Git workflows; collaborated in agile sprints delivering features on schedule.

Odoo Python Developer

Apr 2023 – Jan 2024

Nexus Incorporation Pvt. Ltd. · Nepal

- ▶ Designed and delivered custom Odoo ERP modules in Python aligned with complex client workflows.
- ▶ Developed and maintained RESTful APIs consumed by third-party CRM and accounting platforms.
- ▶ Managed PostgreSQL database design, indexing, and performance tuning in Docker/Nginx environments.
- ▶ Participated in full SDLC: requirements, development, testing, deployment, and post-release support.

Senior Graphic Designer

Apr 2020 – Apr 2022

Nebira Technology Pvt. Ltd. · Nepal

- ▶ Led brand identity design and UI/UX mockup creation using Adobe Photoshop and Illustrator.
- ▶ Bridged design and development teams, translating wireframes into pixel-perfect web interfaces.
- ▶ Delivered 20+ client projects on time, developing strong project management and client communication skills.
